Technical Skills

- **Frontend:** ReactJS, NextJS, Tailwind CSS, ShadCN, Aceternity UI
- **Backend:** NodeJS, ExpressJS, Prisma ORM, Kafka, REST APIs
- **Databases:** MongoDB, PostgreSQL, MySQL
- **DevOps and Cloud:** Containerisation (Docker), Git, GitHub, Bitbucket, CI/CD Pipelines, AWS EC2, Vercel, Postman, Cloudflare R2 and Workers
- **Programming Languages:** JavaScript, TypeScript, C/C++, Java, SQL, PHP, Python
- **Core Fundamentals:** Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems, Computer Networks, Data Structures and Algorithms

Experience

CoursifyYT

Remote

Founder & Engineer

Jan 26 – Present

- Built and launched **CoursifyYT**, a browser extension that transforms YouTube videos into structured, distraction-free learning experiences with study tools including Overview, Key Terms, Quizzes, Notes, Flashcards and in-video Q&A.
- Engineered the full-stack platform using **Next.js, Node.js, MongoDB, and TypeScript**, implementing authentication, content management, and scalable APIs.
- Designed and shipped the product end-to-end, from **architecture and development to deployment, payments, and Diff Browser's Web Store launch**.

Convisaas (Qyue)

Texas, United States

Facet Engineer (DevOps) Intern

Oct 25 – Mar 26

- Built and automated CI/CD pipelines and local builds for Electron desktop apps and Capacitor-based Android apps for eazyPetition and trackMyPetition, enabling automated releases to Cloudflare R2 and Google Play Console.
- Developed and optimized Bitbucket Pipelines to automate onboarding/offboarding webhooks and multi-platform deployments across Web, Windows, macOS, Android, and iOS.

IITD AIA Foundation for Smart Manufacturing

Delhi, India

Software Development Engineer (SDE) Intern

Jan 25 – Aug 25

- Built the core software platform for the Central Manufacturing Facility (CMF) of IIT Delhi under the direct supervision of the Director of CMF.
- Streamlined cross-departmental workshop and lab management, enabling interdisciplinary collaboration and **60%** faster project turnaround.

Projects

DMRC Gati [\[Link\]](#) | Next.js, Node.js, Express.js, Tailwind CSS

Aug 25 – Sep 25

- Developed a high-performance fastest-route API for the Delhi Metro network covering **285+ stations** across **12 metro lines**, incorporating travel-time computation and interchange penalty logic.
- Designed a developer-friendly integration model with **zero-cost access**, eliminating API keys and server configuration to enable quick integration for web and mobile applications.

Main Platform for CMF, IIT Delhi [\[Link\]](#) | TypeScript, Prisma ORM, Next.js, Express.js, ShadCN UI

Jan 25 – Apr 25

- Engineered a full-stack digital platform to automate and centralize operations of IIT Delhi's Central Manufacturing Facility (CMF).
- Architected scalable modules for machine booking, workshop scheduling, lab access management, and role-based authorization across departments.

Lingua Master (Website + Web Extension + Telegram Bot) [\[Link\]](#)

Oct 23 – Feb 24

- React, Node.js, Express.js, Python, Flask, TensorFlow, Transformers, Hugging Face, REST APIs
- Built ML-powered language translation tools capable of performing **real-time English–Hindi and Hindi–English translation** for government and enterprise websites using a dataset of **1.6M+ records**.
- Optimized translation workflows by replacing static JSON-based methods with dynamic ML inference pipelines, reducing long-term maintenance overhead by **90%**.

Education

Maharaja Agrasen Institute of Technology (MAIT)

New Delhi, India

Bachelor of Technology in Computer Science | SGPA: 8.5/10

Sep 22 – Sep 26

Achievements / Leadership

Smart India Hackathon 2023 — Winner

Assam, India

Web Developer

Oct 23 – Dec 23

- Achieved national victory in SIH 2023, India's largest innovation hackathon, with **51,000+ idea submissions** and participation from **2,67,000+ students** across **2,360 institutions**.
- Delivered a high-impact solution addressing one of the **234 problem statements** from **30 ministries/PSUs**, evaluated by MoE's Innovation Cell and AICTE.

IEEE MAIT Chapter

Rohini, New Delhi

Joint Secretary, EXCOM Team / Web Developer Team Lead, CORE Team

Aug 23 – Jul 25

- Led promotional campaigns reaching **400+** students; mentored junior developers and coordinated release cycles. Built and maintained team-facing web tools and event pages, improving delivery speed and reliability.
